CHILDREN'S PLAY AREA

Inauguration ceremony was held on Friday, 27 October 2023, at 10:00 a.m. at ICH Hospital premises.

We initiated a new project—Children's Play Area in the Institute of Child Health and Hospital for Children, Children's Government Hospital, Egmore.

We recognize the importance of creating a child-friendly and welcoming environment within the hospital premises. The addition of a Children's Play Area can greatly contribute to reducing the anxiety and stress that young patients and their families may experience during their hospital visits.

In conclusion, the establishment of a Children's Play Area for terminally ill children at Children's Government Hospital, Egmore, is an essential initiative that can significantly enhance the quality of life for these young patients and their families during their challenging journey.
